### STUDENT RESOURCES

**Everybody Needs a Rock**  

**Eyewitness: Rocks & Minerals**  

**A Field Guide to Rocks and Minerals (Peterson Field Guides Series)**  

**If You Are a Hunter of Fossils**  

**Janice VanCleave’s Rocks and Minerals: Mind-Boggling Experiments You Can Turn Into Science Fair Projects**  

**Mined It! A Fairy Tale with Mineral Content**  

**The Pebble in My Pocket: A History of Our Earth**  
Meredith Hooper. Viking, 1996.

**Rocks and Minerals (DK Pockets)**  

**Rocks and Minerals (National Audubon Society First Field Guide)**  

**Rocks Tell Stories**  

**Smithsonian Handbooks: Rocks & Minerals**  

### TEACHER RESOURCES

**The Amateur Geologist: Explorations and Investigations**  

**Encyclopedia of Rocks, Minerals, and Gemstones**  

### INTERNET RESOURCES

Preview websites ahead of time to determine whether they are appropriate for your students’ needs. You may also wish to research other related websites. A good place to start is the National Science Teachers Association website: [http://www.nsta.org/recommendedsites](http://www.nsta.org/recommendedsites).

**American Geological Institute Geoscience Education Resources**  
[http://www.agiweb.org/geoeducation.html](http://www.agiweb.org/geoeducation.html)

**Geological Society of America Resources for K-12 Earth Science Educators**  
[http://www.geosociety.org/educate/](http://www.geosociety.org/educate/)

**Rocks and Minerals Magazine**  
[http://www.rocksandminerals.org](http://www.rocksandminerals.org)

**Smithsonian Institution National Museum of Natural History Department of Mineral Sciences**  
[http://www.nmnh.si.edu/minsci/](http://www.nmnh.si.edu/minsci/)

**U.S. Geological Survey Mineral Resources Program**
