

# Adding with Coins

NCTM Standards 1, 2, 6, 7, 8, 9, 10

What is the value for each collection of coins?

1.

35  
\_\_\_\_\_¢

2.

\_\_\_\_\_¢

3.

\_\_\_\_\_¢

4.

\_\_\_\_\_¢

Show each amount of money with the fewest coins.

5. 35¢

6. 62¢

7. 59¢

8. 40¢

**NOTE:** Your child is learning to find the value of a collection of coins and to use the fewest coins for that value.

What is missing? Complete the table.

	Number of Coins	Q	D	N	P	Total Value	Is it the fewest coins? If not, draw a picture.
9.	5	1	0	3	1	41¢	
10.	8	0	5		3		
11.						35¢	yes
12.	9			3	5	45¢	
13.		2			5	60¢	
14.		0	2	1	4		

### Problem Solving

15. Kate has some coins worth 51¢. She could NOT have the fewest coins for that amount. What coins might Kate have? Draw a picture.
