

Introducing This Year's Mathematics

Complete the sentences.

1 Bill had a total of 27¢ in change.
He has exactly 10 coins.

He must have _____ dime(s),
_____ nickel(s), and _____ pennies.

2 Mary has a total of 22¢ in change.
She also has exactly 10 coins.

She must have _____ dime(s),
_____ nickel(s), and _____ pennies.

Select numbers from the box to make the sentences true.

58 24 75 32 81 39 67 46

3 - = 15

4 - = 28

5 - = 19

6 - = 26

7 - = 49

8 - = 42

**Select numbers from the box to form number pairs.
Subtract the lesser number of the pair from the greater
number. There will be ten pairs of numbers to compare.**

\$1.06 \$3.29 \$0.85 \$7.14 \$2.77

9 \$ 7.14
- 3.29
