

Doubling and Adding

In each group, use the first fact to help you complete the others.

$1 \quad 18 \times 12 = \underline{216}$

$19 \times 12 = \underline{\hspace{2cm}}$

$19 \times 13 = \underline{\hspace{2cm}}$

$2 \quad 16 \times 17 = \underline{272}$

$15 \times 17 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$3 \quad 20 \times 30 = \underline{600}$

$20 \times 31 = \underline{\hspace{2cm}}$

$21 \times 31 = \underline{\hspace{2cm}}$

$21 \times 30 = \underline{\hspace{2cm}}$

$4 \quad 30 \times 25 = \underline{750}$

$29 \times 25 = \underline{\hspace{2cm}}$

$29 \times 26 = \underline{\hspace{2cm}}$

$31 \times 26 = \underline{\hspace{2cm}}$

$5 \quad 42 \times 36 = \underline{1,512}$

$43 \times 36 = \underline{\hspace{2cm}}$

$43 \times 35 = \underline{\hspace{2cm}}$

$42 \times 35 = \underline{\hspace{2cm}}$

$6 \quad 66 \times 24 = \underline{1,584}$

$68 \times 24 = \underline{\hspace{2cm}}$

$68 \times 23 = \underline{\hspace{2cm}}$

$67 \times 23 = \underline{\hspace{2cm}}$
