

Number and Operations

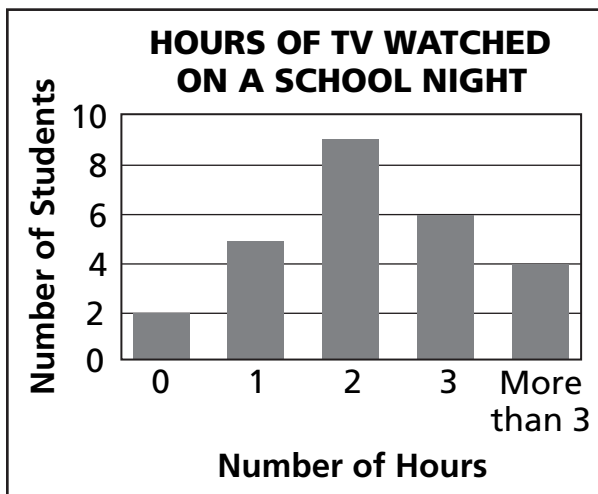

Write a number that matches the description.

- 1 a number that is even, divisible by 5, and a factor of 100 _____
- 2 a number that is a square number, odd, and less than 50 _____
- 3 a number that is a multiple of 3, even, a square number, and less than 50 _____
- 4 a number that is a factor of 36, even, and a multiple of 3 _____

Data Analysis and Probability

For 5–6, use the survey data in the table or the graph.

HOURS OF TV WATCHED ON A SCHOOL NIGHT	
Number of Hours	Number of Students
0	2
1	5
2	9
3	
more than 3	

- 5 Which is greater: the number of students who watch less than 2 hours or the number of students who watch more than 2 hours? How much greater?

- 6 How would you describe the trend shown in the graph?
