

Put Our Results to Work For You!

Find out what districts all over the country are finding out: *implementing FOSS improves more than just science scores*. Here's an example, from Virginia, that shows the impact FOSS can have on student achievement in Science and Reading.

Hartwood, VA SOL Results Versus Virginia State-wide SOL Results

Statewide SOL Results	2013 Hartwood Results*	2013 State Results
Grade 3 Reading	87%	72%
Grade 3 Science	98%	84%
Grade 4 Reading	94%	70%
Grade 5 Reading	88%	73%
Grade 5 Science	94%	75%

*SOL Results of Delta/FOSS users at Hartwood compared to Virginia statewide results. Hartwood Elementary is a Title 1 School earning awards for their outstanding student achievement in 2013 and 2014.

"The level of engagement in my students when doing FOSS is so fun to watch! They genuinely look forward to coming to school to see what will happen next. As a side bonus, I have watched not only our science scores rise but our math and reading as well. I believe it is one of the main reasons we were named a **Title One School of Distinction** in 2013 and received the **Virginia Programs that Work** award in 2014."

—Leslie Lausten, Grade Four Teacher
Hartwood Elementary School

"Having been a site-based administrator in several school systems (and having seen many approaches to teaching science through an inquiry model), I can say that **FOSS** is by far the most engaging and comprehensive set of resources available to schools today. At Hartwood Elementary, we rely on **FOSS** to help engage our students in rich experiences where only a hands-on curriculum will do."

—Scott Elchenko, Principal
Hartwood Elementary
